

PT900DR

GE Profile™ 30" Built-In Single Wall Oven

Dimensions and Installation Information (in inches)

KW Rating	
240V	3.8
208V	2.8
Breaker Size	
240V	20 Amps
208V	20 Amps

Most 30" Wall Cabinets can be used with this unit.

Note: These ovens are not approved for stackable installations. Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating.

Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

Electric wall ovens are not approved for installation with a plug and receptacle. They must be hard wired in accordance with installation instructions.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.

Side-by-side installations require at least 2" between cutouts.

GE Profile™ 30" Built-In Single Wall Oven

Optional Undercounter Dimensions and Installation Information

Note: 36" ribbon cooktop are approved for use over GE 30" single wall ovens only. 30" ribbon cooktops are approved for use over GE 30" and GE 27" single wall ovens. Refer to cooktop and wall oven installation information packed with products for current dimensional data.

Note: CleanDesign or Sealed Burner Gas

This installation is to achieve minimum gap between bottom of countertop and control panel. For this installation, the bottom trim will not be flush with a typical 4" toe kick

Note: Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.

With Gas Cooktop

With Electric Cooktop

Add suitable filler to match adjacent cabinets when needed to maintain toe kick alignment

Side View

Note: For this installation, the bottom trim **will not** be flush with a typical 4" toe kick.

Note: Cabinets installed adjacent to wall ovens must have an adhesion spec of at least a 194°F temperature rating.
