36" CONTEMPORARY INDUCTION COOKTOP

CI365C/B

FEATURES

- Five elements and five bridging options accommodate widest possible variety of pan sizes
- 40% faster temperature response than gas or electric
- Can be installed flush with countertop for smooth, continuous surface
- Efficiently transfers heat, because energy is supplied directly to the cookware
- Incredible cooking control, with lightning fast high heat and very low lows
- Magnetic induction technology provides fast and perfectly distributed heat
- Rigorously tested in our U.S. manufacturing facilities for decades of use
- Exceptional 24/7 support from our Customer Care team in Madison
- Cookware heats up fast, yet cooktop stays relatively cool for safety
- Cookware sensing guards against hot burners being left on
