

DD24DDFTX7

Tall Double DishDrawer™
Dishwasher incl
full flex racking

This model is designed for extra headroom in the top drawer. The increased drawer height fits 12 plates, making cleaning up after dinner parties a breeze. The DishDrawer™ Tall dishwasher can also easily accommodate oversized platters and extra-long stemmed glasses.

Dimensions

Depth	22 1/2"
Height	Ⓐ 34 - 36 3/8"
Width	Ⓑ 23 9/16"

Features & Benefits

- Innovative**
Before washing begins, detergent passes through the world's first flow-through dispenser to ensure it is thoroughly dissolved, providing a faster, more hygienic wash with no hint of detergent burn.
- Convenient**
This model is taller than the standard DishDrawer™ dishwasher, so you can fit in large plates up to 13" in diameter in the top drawer. Racking is designed to hold long utensils and can fold away to free up space. Seven place settings can fit in each drawer.
- Efficient**
This model has the choice of nine wash programs, including Eco options to minimize water and energy usage.

Ergonomic
The DishDrawer™ double is as easy to open and close as kitchen drawers and conveniently positioned at countertop height so loading and unloading requires minimal bending. Easy-to-use folding tines allow you to place large pots, platters and bowls into the drawers with ease.

Ecofriendly
This DishDrawer™ uses only two gallons of water on a Normal Eco wash program and is ENERGY STAR rated CEE tier 1 for energy efficiency and cleaning and drying performance.

Safe
For added safety, a key lock and child lock are included.

A history of innovation
Find out what inspired the world's first dishwasher in a drawer 20 years ago and the incredible journey that followed.
