Height	(A) 18 13/16"
Width	(B) 23 9/16"

Features & Benefits

Convenient

This model is taller than the standard DishDrawer™ dishwasher, so you can fit in large plates up to 13" in diameter. Racking is designed to hold long utensils and can fold away to free up space.

Efficient

This model has the choice of nine wash programs, including Eco options to minimize water and energy usage.

Innovative

Before washing begins, detergent passes through the world's first flow-through dispenser to ensure it is thoroughly dissolved, providing a faster, more hygienic wash with no hint of detergent burn.

Ergonomic

The DishDrawer™ is as easy to open and close as a kitchen drawer and conveniently positioned at countertop height so loading and unloading requires minimal bending. Easy-to-use folding tines allow you to place large pots, platters and bowls into the drawer with ease.

Safe

For added safety, a key lock and child lock are included.

Ecofriendly

This dishwasher uses only two gallons of water on a Normal Eco wash program and is ENERGY STAR rated CEE tier 1 for energy efficiency and cleaning and drying performance.

A history of innovation

Find out what inspired the world's first dishwasher in a drawer 20 years ago and the incredible journey that followed.

Meet the maker

Watch Mike Jensen, General Manager of Industrial Design, explain the idea behind the DishDrawer™ Dishwasher.

Customer reviews
