Dimensions

Depth	2 1/8"
Height	28 1/4 - 42 1/4"
Width	36"

Features & Benefits

Quiet and effective The downdraft system quickly and quietly extracts unwanted grease, smoke and odors through stainless steel mesh filters.
Simple to use A single on/off button makes the downdraft system easy to use. A slider control lets you precisely adjust the fan speed up or down.
Easy cleaning Filters effectively trap grease particles during extraction. They are easy to remove and dishwasher safe, or can be cleaned by hand in hot soapy water.
Designed to match When not in use, the downdraft system slides away into your counter top eliminating the need for a bulky overhead ventilation hood. The stainless steel finish is designed to match the rest of the Fisher & Paykel kitchen appliance family.
