FEATURES & BENEFITS

GENEROUS CAPACITY

With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

PERFECT RESULTS

Our built-in ovens feature ActiveVent technology for optimized moisture levels, and AeroTech™ for even heat distribution. Get perfect results even when you're using multiple shelves.

Multi-function flexibility

Seven functions including Aero™ Pastry, Aero™Bake and True Aero™ mean no matter what you're cooking, you've got the right heat to match.

SEAMLESS FIT

Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimize gaps and add to a cohesive aesthetic.

CLEANING IS SIMPLE

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Refined styling

With sophisticated handle styling and stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

SAFE AND SOUND

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside - protecting both your hands and the surrounding cabinetry.
