### Dimensions

Depth	23 3/4"
Height	Ⓐ 79 27/32"
Width	Ⓑ 35 21/32"

### Features & Benefits

#### Fresher Food for Longer

ActiveSmart™ Foodcare helps keep your food fresher for longer by constantly monitoring how you use your refrigerator and adapting to maintain a controlled environment and optimum temperature.

#### Seamless Integration

The integrated series minimizes gaps through heavy-duty inline hinges and adjustable doors, enabling consistent lines throughout your kitchen. The series fits flush with cabinetry to reduce disruption and deliver design freedom through stainless or custom panel options.

#### Sized to Suit

The spacious 36" French Door refrigerators are designed for family life, with double doors for easy access to uninterrupted refrigerator space.

#### Easy Cleaning

Removable, spill-safe cantilevered glass shelves are designed to contain drips and spills that can be simply wiped away, while leaving the interior walls completely smooth and easy to clean. Storage bins and EZkleen stainless steel doors just need a wipe to keep spotless.

#### Flexible Living

These refrigerators adapt to suit your lifestyle by streamlining food preparation and organization with SmartTouch controls, flexible shelving and storage options, and slide out bins and trays. LED lighting in all compartments lights up all the shelves, bins and trays.

#### Efficient

These ActiveSmart™ refrigerators intelligently adapt to daily use to help save energy, cooling and defrosting only when they need to without compromising on food care. As a result, the Fisher & Paykel integrated series carries an Energy Star Most Efficient rating.
